

Promotional parasols

- high durability
- multiple segment images possible
- excellent print through
- premium quality

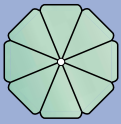

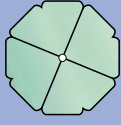

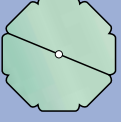

No minimum quantity!

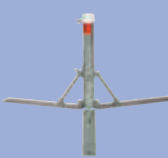

Promotional parasols

Promotional parasols are not only a sun shade but also an effective advertising media at events or promotional campaigns.

By using the digital printing process promotional parasols can be produced from 1 piece. The parasols are available with 8, 4 and 2 segments which allows even complicated designs across several segments.

Promotional parasol	Sizes in cm	Pole Ø in mm	Valance height in cm	Recommended base
8-part cover 	Ø 180	25	17	P1, K20/20
	Ø 200	25	17	P1, K20/20
	Ø 250	25	20	P2, K30/30
	Ø 300*	38	20	M40, K40/30
4-part cover 	Ø 200	25	17	P1, K20/20
2-part cover 	Ø 180	25	17	P1, K20/20
	Ø 200	25	17	P1, K20/20

*non tilttable

	<p>Collapsible base M40</p> <ul style="list-style-type: none"> · tripodal · galvanised chromated · ready-to-use · weight 11,5 kg · for tube diameter of 40 mm

In addition to our promotional parasols foldable bar tables are available. The high-quality table top made of Werzalit[®] plus is UV-resistant and has a weather-, scratch- and abrasion-proof surface. The borehole for inserting a promotional parasol is equipped with a lid, so the table can also be used without parasol.

The bar table can be equipped with a printed bar table cover. Bar table covers are applicable for bar tables with Ø 80 cm. Faceplates made of acrylic glass are available as accessory.

Canopy

- Multisol[®] L
- 100% knitted polyester
- excellent air permeability, fast-drying
- water-repellent (hydrophobic) finish on request

Advertising print

- on segments and/or valance
- available with solid colour or full colour design
