## Exhibition Kit

We offer a wide range of lightweight portable systems for trade fairs and presentations. The systems can be perfectly combined. Due to the easy handling the set-up is quickly realised. An Exhibition Kit consists of a Pop Up Klett fold display with 3x3 or 4x3 parts, one Promotion Counter Klett and one Brochure Stand. Fold displays and Promotion Counter are provided with individual graphics and are fixed to the frame units with hook and loop tape. The exchange of the graphics is possible. Therefore the system can be adapted to changing requirements.

All elements of the Exhibition Kit can be ordered separately. We look forward to being of assistance for you.

## Pop Up

### Pop Up Klett 3x3

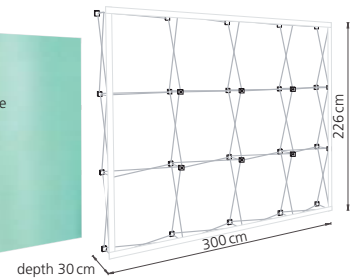

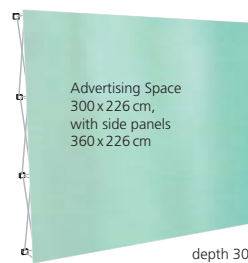

This fold display with 3x3 parts offers a lot of advertising space with less space required.

Rack	Image	Scope of delivery
